

DIRECTORY OF SPONSORS

Dene Healthcare:

Dene Healthcare, the UK's premier practice provider, has been established on a foundation of trust, value and service quality.

We take the responsibility for ensuring you have the resources and equipment needed to meet the demands of the modern practice. We offer convenience and a work ethic that allows you to focus on what you do best.

We pride ourselves on our personal touch and in-depth knowledge of General Practice. Our team has over 45 years of experience working within the NHS and understand the ever-changing directives for the practice team. Our aim is simple - to provide the best service, choice and support to help a practice maximize its potential.

Evolve Business Solutions (EA) Ltd:

Evolve Business Solutions (EA) Ltd support and manage the in-house printing requirements of companies in and around the country. We have four core aims; to provide a local service that is responsive, friendly, and customer focused. We specialise in fully managed multi-functional Konica Minolta devices and provide stress free and cost-effective solutions.

Yet, what really sets us apart from other managed print services providers?

A personal touch: We believe our phones should be answered in our office, and not in a call centre. That's why we have a local phone number, and you'll never need to press one for accounts, or two to log a service call. Our service visits are planned by someone who is familiar with the area; we don't need to look on Google Maps to estimate how long it will take us to be with you.

Our training programme: All our service engineers are manufacturer trained and certified on every product we offer. They also undertake IT training, so they can troubleshoot and diagnose networking, printing, or scanning problems quickly and efficiently.

Response times: From you calling us, it takes less than four hours for a service engineer to arrive onsite. As we only service Konica Minolta equipment, we have all the parts we need to carry out the job 96% of the time. Also, we will never post you parts and expect you to fit them yourself.

A friendly account manager: Every client is assigned a personal account manager. We don't use a telesales team to try and pressure you for a quick sale over the phone. What we love is to sit down with our clients and discuss what's best for them over a coffee.

Hillcroft Surgery Supplies:

At Hillcroft we want to give you peace of mind every day, with time saving processes and quickly delivered orders, so that you can spend more time caring for your patients. Hillcroft is a family run business that has been serving GP surgeries and health centres with everything they need for over 16 years. We thrive on meeting our customers' needs and requirements and will always go the extra mile to help out with anything that will make your life easier. We have strongly established ourselves in the medical market as being an honest, reliable company with excellent customer service and unrivalled product quality and pricing. We firmly believe that we can offer anyone better levels of service, quality and cost and this is what motivates and drives our business forward. Hillcroft is fast becoming the name as a key supplier for GP surgeries and health centres, and hundreds of surgeries in the UK are depending upon us as their main supplier, and partner with us for all their needs.

Ipsen

Ipsen UK & Ireland are a core part of Ipsen's global biopharmaceutical business and are driven by the belief that patients don't have time to wait. We have a biotech mindset coupled with pharmaceutical capabilities and have invested in a robust business presence that spans the early stages of R&D (Abingdon, Oxford) through to in-house manufacturing (Wrexham, Wales & Dublin, Ireland) so we can effectively deliver on our promise to UK & Irish patients. As part of this investment, we employ over 850 people across our four sites, including our commercial headquarters in Bath Road, Slough.

Our business focuses on oncology, rare diseases and neurosciences, to create innovative therapies in areas of high unmet medical need. Ipsen works across a diverse oncology portfolio, which includes prostate cancer, neuroendocrine tumours and renal cell carcinoma. Our licensed medicines and R&D are all focused on improving the lives of patients, hoping to bring real value to the healthcare community along every step of the treatment pathway.

National Pharmacy Association:

The National Pharmacy Association (NPA) is the representative voice of independent community pharmacies across the UK and a key provider of services to the pharmacy sector. More than half of pharmacies are family owned and run, small to medium sized businesses (approx 6000 independent pharmacies UK-wide). The vast majority of independents are NPA members.

Wesleyan Financial Services:

Wesleyan Financial Services provide tailored financial planning at every stage of your professional life, whether you're newly qualified, mid-career or approaching retirement. Your local Financial Consultant works exclusively with medical professionals so has a clear insight into your unique career path and the challenges you face.

Some of the areas we can help with include pension advice and retirement planning; savings and investments options, financial protection for you and your family; plus finding the right mortgage. We can also assist with various needs that you face as a practice, such as Practice Protection, Insurance and offer free NHS Pensions Training sessions.

X-ON:

X-on is a pioneer of digital telephony in the UK, delivering simple but powerful communications choices to the NHS and healthcare, plus the wider corporate arena.

Our cloud services are hosted on our own network using technology created by our inhouse research and development team. As technology disruptors our focus is on innovation to improve the use of fixed line, mobile and cloud telephony and deliver reliable and effective communications.

Deployed across over 1500 UK practices, X-on's flagship product Surgery Connect is a future proof, secure GP telephony solution which improves the patient experience, while driving efficient practice management and scalable communications across General Practice, GP Federations and CCGs. Surgery Connect provides fully integrated remote working for GPs and staff via mobiles and softphone.

Surgery Connect provides quick switching between audio and video at any time during a call with a patient, with all calls recorded and call data attached to the patient record. A full suite of web browser-based Management Consoles provide a real time view of call levels and staff activity, access to call flow management and extensive analytical reporting. Integration ensures practitioners are not switching between a patchwork of discrete applications.

Surgery Connect integrates with most clinical systems, providing a seamless and time-saving way in which clinical and admin staff can access and record patient information during a call. Surgery Connect has been tailored by feedback from healthcare professionals ensuring a system that uniquely serves the needs of GP Practices, while addressing the digital and online ambitions of the NHS.
